Sub-Corridor Options

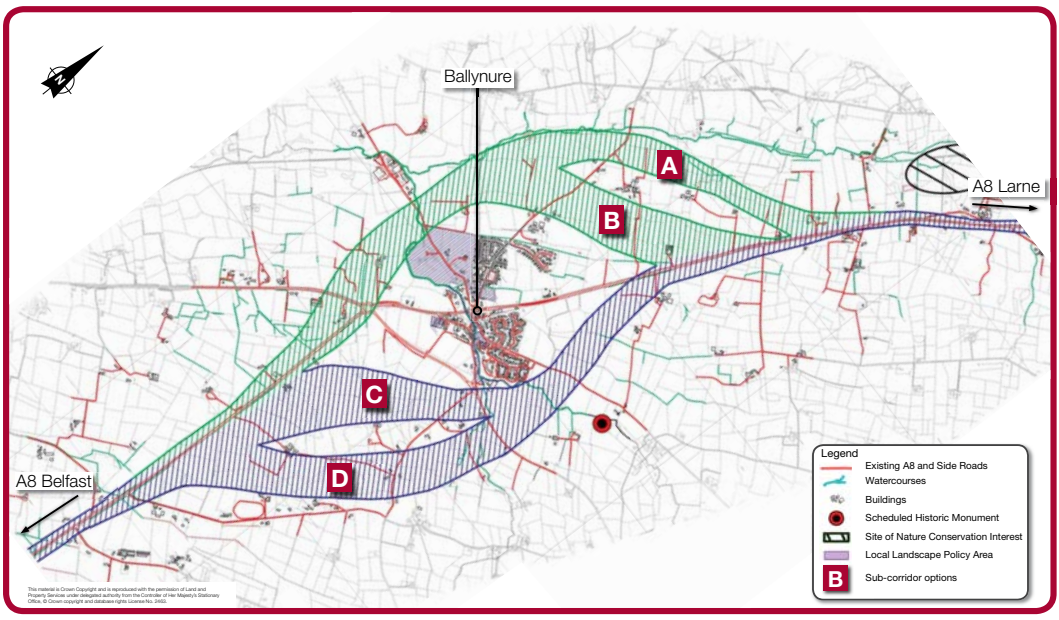
Both corridor options presented on the previous panels have two areas where there are options to bypass residential areas.

Bruslee:

Both corridor options allow for the A8 to be dualled online at Bruslee, or to bypass to the east. We are seeking your preference on these options.

Ballynure:

Both corridor options bypass Ballynure. However, within these corridors there are four sub-corridor options for your consideration, sub-corridors A, B, C and D.



We would like you to tell us your preference for the four proposed sub-corridor options for bypassing Ballynure and importantly the reasons behind your preferences.

How To Provide Your Views

There is a feedback section included in the leaflet available today for you to provide your preference and comments on the corridor options. Please drop this feedback form into the box provided or post to the Roads Service at the address given.
